***Ex Parte Notice***

On Monday, September 29, 2008, Brian Ford of the Organization for the Promotion and Advancement of Small Telecommunications Companies (OPASTCO), Carri Bennet of Bennet and Bennet, PLLC on behalf of the Rural Telecommunications Group (RTG), and Jill Canfield of the National Telecommunications Cooperative Association (NTCA) (collectively, the "Associations") met with Angela Giancarlo of Commissioner Robert McDowell's office to discuss the proposed merger of Verizon Wireless and ALLTEL Wireless. The Associations expressed their view that the merger has the potential to seriously harm rural consumers, and thus the Commission should thoroughly examine the many questions this transaction raises,

including holding a hearing pursuant to Section 309(e).<sup>1</sup> The Associations also asked that the Commission license spectrum in the Advanced Wireless Services (AWS)-2 and AWS-3 bands on the basis of Cellular Market Areas (CMAs) so that rural wireless carriers can realistically compete for it at auction.

Sincerely,

Brian Ford  
Regulatory Counsel
