and Winchester Cator, LLC Petition for Rulemaking to  
Establish Rules Governing Critical Infrastructure Industry  
Fixed Service Operations in the 14.0–14.5 GHz Band,  
RM-11429**

---

Dear Ms. Dortch:

On October 21, 2008, Jose Albuquerque, Audrey Allison, Patricia Cooper, Karis Hastings, and Carolyn Roddy, on behalf of the Satellite Industry Association (“SIA”), met with Federal Communications Commission (FCC) Office of Engineering and Technology (OET) Chief Julius Knapp, Deputy Chief Ron Repasi, Associate Chief (Legal) Bruce Romano, and Deputy Chief of the Policy and Rules Division Mark Settle concerning the above-referenced dockets.

The discussion was based on the attached presentation developed from the SIA filings in the above-captioned proceeding. As described in the attached presentation, SIA reaffirmed its position that no further action by the FCC on the Winchester/UTC petition is warranted.

Respectfully submitted,

SATELLITE INDUSTRY ASSOCIATION

A handwritten signature in black ink that reads "Patricia Cooper". The signature is written in a cursive, flowing style.
