Re: WT Docket No. 08-165

Dear Commissioners:

The City of Gulf Shores has just recently received Public Notice, I believe known as WT Docket No. 08-165. It appears as though the "Wireless Association" is again requesting the FCC to lessen the restrictions that local zoning ordinances may have on their operation. Specifically, towers within a municipality's jurisdiction. As Mayor of Gulf Shores, I strongly urge your resistance to this request. Local zoning ordinances are unique to each municipality. Who else is better qualified than the local representatives to know what is best for its' community?

Again, I urge you to oppose this request.

Sincerely,

George W. Duke, III
