*Re: Unlicensed Operation in the TV Broadcast Bands
ET Docket Nos. 04-186, 02-380*

Dear Ms. Dortch:

On October 24, 2008, Neeraj Srivastava, Director of Technology Policy for Dell Inc., spoke via telephone with Renée Crittendon, Legal Advisor to Commissioner Adelstein. During this meeting, Dell discussed operating parameters for white space devices previously set forth in its filings and in the filings of the White Spaces Coalition. Specifically, Dell discussed geolocation approaches and transmit power for personal/portable devices operating on first adjacent channels. Dell also stressed the need to conclude this proceeding next month to allow Dell and other companies to begin the process of bringing the benefits of white spaces to consumers.

Pursuant to the Commission's rules, a copy of this notice is being filed electronically in the above-referenced dockets. If you require any additional information please contact the undersigned.

Sincerely yours,

/s/ R. Paul Margie
