d. Project Coordination

- i. The project is coordinated by the project leader as identified in 1.a.i. with the assistance of the project consultants Dynamic Strategies, LLC who assist with RHCP Pilot Program submittals. All participating Community Mental Health and Health Care Centers have signed a letter of agency authorizing Candace Harden as Project Leader to act on their behalf before the Federal Communications Commission in matters related to the Rural Health Care Pilot Program. All participants are informed of all matters related to the pilot program requirements and have provided detailed information regarding their site eligibility as well as information for preparing the RFP.

The participating health care facility directors met October 15, 2008 to review the requirements of the pilot program including quarterly progress reporting, coordinating and implementing telemedicine goals and objectives, budgeting and payment of approved services, working with service providers upon approval of bid and periodic progress reporting to participating agency Board of Directors. Other discussion included a review of the RFP process and evaluation of bid proposals. A schedule of quarterly meetings was developed to discuss and document progress toward goals and objectives. The group will meet the second Wednesday of the last month of the quarterly reporting period.

2. Identify all health care facilities included in the network.

a. Provide address (including county), zip code, Rural Urban Commuting Area (RUCA) code (including primary and secondary), six-digit census tract, and phone number for each health care facility participating in the network.

The Community Mental Health and Community Health Centers participating in this project are:

- West Alabama Mental Health Board
- East Central Mental Health & Mental Retardation Board, Inc.
- Southwest Alabama Mental Health/Mental Retardation Board, Inc.
- South Central Alabama Mental Health Board, Inc.
- Charles Henderson Memorial Association

3. Network Narrative

a. - e. The Foundation and its members intend to seek a leased fiber network solution with 100Mbps to the primary sites as noted in the table above, 10Mbps to each satellite site included, connection to Internet2 and a connection to the public Internet. Since the RFP for the project has not been released, the final network structure has not been determined. The draft RFP is currently in the review process with USAC.

4. List of Connected Health Care Providers

RFP not yet released.

5. Non-Recurring and Recurring Costs

RFP not yet released.

6. Cost Apportionment and Source of Funds

The Foundation and its members intend to apportion the costs on a site by site basis. Each member will pay their 15% contribution based on the cost of each of the sites operated by the member. Contributions by each member will be from State of Alabama contracted professional services funds; private insurance reimbursements; contributions from city and county government; and Medicare/Medicaid reimbursements as determined by each member.

7. Identify any Technical or Non-technical Requirements for Ineligible Entities

Not applicable. RFP not yet released.

8. Provide an Update on the Project Management Plan

As of this date no changes have occurred to the current leadership, management structure or project plan as developed to date. A detailed project plan will be developed by the service provider in conjunction with the project participants upon award of bid.

a. Project Leadership and Management Structure

The Southwest Alabama Foundation for Mental Health and Mental Retardation (“Foundation”) will serve as the organization that will be legally and financially responsible for the participating mental health agencies and other non-profit organizations included as participants in the project.

Executive Directors at each of the participating four mental health agencies and the child health center will serve as authorized agents of their respective Board of Directors to oversee all aspects of project implementation.

Major responsibilities include:

- Establishing a legal partnership establishing South Central Alabama as the lead agent in the project.
- Following established FCC and USAC Rural Health Care Guidelines for securing Telecommunication and Internet services included in the project design.
- Working with selected service provider(s) to establish a time frame for installation and upstart of all approved services.
- Coordinating necessary training to implement Telemedicine Goals/Objectives.
- Budgeting and ensuring payment for approved services.
- Serving as the Project's Executive Leadership Team to ensure that goals/objectives of the project are completed in an effective and timely manner.
- Coordinating the sharing of available mental health and other health personnel to provide the most effective treatment services for clients.
- Coordinating professional development services for health workers.
- Periodically reporting project progress to their Board of Directors.

The participating agency directors have established a quarterly meeting schedule to review progress and implementation to meet the goals and objectives of the project.

b. Project Plan and Schedule

The Southwest Alabama Mental Health Consortium intends to proceed with a project plan as outlined below; specific dates are not included at this time. The draft RFP has been forwarded to USAC for review. RFP will be released when USAC review is complete and RFP finalized.

- 1) Draft RFP review complete with all participants. Sites have been designated by priority for completion.
- 2) RFP review by USAC
- 3) Finalize RFP pending USAC review completion.
- 4) Release RFP.
- 5) Estimate 45 days from date RFP released to award.
- 6) Estimate 30 days from award to contract signed.
- 7) Estimate 15 days from signed contract to FCC Form 466-A submittal.
- 8) Estimate 30 days from approved Funding Commitment Decision Letter to start construction.

9. Network Self Sustaining

Each agency, their Director and Board of Directors has made a commitment to budget resources to continue this valuable project. Additional grants have and will be sought for improving and expanding Telemedicine/Distance Learning capabilities to connect with schools, hospitals and psychiatrists to provide onsite professional development, mental health educational services for students as well as face-to-face psychiatric services for patients. Each agency will continue to take advantage of the Rural Health Care Program beyond the Pilot Program by filing for assistance annually to assist with funding a portion of the project under the FCC guidelines.

Since the July 30, 2008 quarterly report, the participants have been awarded a USDA Distance Learning and Telemedicine grant that will allow each agency to purchase end-user equipment to further the goals and objectives of the pilot program funding.

10. Network- Advanced Telemedicine Benefits
