FAX: (631) 852-6994
Email: bgct4@aol.com

4 November 2008

PURPOSE AND SCOPE

The purpose of this addendum is to provide the required written evidence from the adjacent-regions indicating that they have no objections to the revisions made to the proposed Regional Planning Committee (RPC) 8 700-MHz Plan in adherence to the *Second Report and Order (R&O)*, the reconfiguration of the 700-MHz Band.

This addendum includes the official, written re-concurrence requests from RPC 8 to the applicable adjacent-regions and the re-concurrence approvals from the adjacent RPCs:

- 19 (New England);
- 28 (Eastern Pennsylvania, Southern New Jersey, and Delaware); and
- 30 (New York – Albany).

RPC 19, NEW ENGLAND

..... NOTE: This message is being sent by Travis C. LePage on behalf of William Gardner, FCC RPC 8 Chairman

Dear Chairman Pohorilak:

On February 4, 2008, I delivered to you (via FedEx with delivery confirmation) correspondence on behalf of Regional Planning Committee (RPC) 8 regarding its proposed 700-MHz Plan.

The correspondence identified that RPC 8 revised its proposed Plan in accordance with the Second Report and Order adopted by the FCC on July 31, 2007 and that procedures to administer the Low-Power Interoperability Channels were included.

Furthermore, the correspondence requested that should the above-mentioned revisions impact RPC 19's original concurrence determination, to contact me at your earliest possible convenience.

Having received no formal response from your Committee regarding Region 8's revisions, it is therefore understood that the revisions do not impact the original concurrence determination granted to RPC 8 from RPC 19 on May 1, 2007.

Should this understanding be inaccurate, please contact me at your earliest possible convenience. RPC 8 plans to submit its proposed 700-MHz Plan to the FCC in early April.

On behalf of RPC 8, I thank you for your attention to this matter. The proposed RPC 8 700-MHz plan is the result of the dedication and perseverance of everyone involved in its development, including our neighboring regions. We believe that this Plan best meets the needs and requirements of our public-safety community.

Respectfully,

William Gardner
FCC RPC 8 700 and 800-MHz Chairman

Concurrence Approval

The New England 700 MHz Committee Region 19

October 2, 2008

Mr. William Gardner, Chairman
Region 8 700MHz and 800MHz Public Safety Regional Planning Committee
Director of Police Communications
Suffolk County Police Department
30 Yaphank Avenue
Yaphank, New York 11980

At the quarterly meeting of September 9, 2008 the New England Region 19 700MHz Committee identified as an agenda item Region 8 and Region 30 request for concurrence of its amended 700MHz Plan. According to the bylaws of the Region 19 700MHz Plan a quorum is required to vote on any action items. A quorum was not present at the meeting. A recommendation was discussed that electronic ballots be sent to all voting committee members soon after the meeting. On September 19, 2008 the ballots were tallied and the results conclude that the Region 8 and Region 30 modified 700MHz Plans be approved.

By this letter, the New England Region 19 700MHz Committee provides concurrence to your Region's 700MHz Plan as modified.

Should you have any questions, please call me at 860-685-8108.

Sincerely,

George Pichonak
Chairman, Region 19 700MHz

CC: Vice Chairman
Anthony Melia.

Dear Chairman Reynolds:

On February 4, 2008, I delivered to you (via FedEx with delivery confirmation) correspondence on behalf of Regional Planning Committee (RPC) 8 regarding its proposed 700-MHz Plan.

The correspondence identified that RPC 8 revised its proposed Plan in accordance with the Second Report and Order adopted by the FCC on July 31, 2007 and that procedures to administer the Low-Power Interoperability Channels were included.

Furthermore, the correspondence requested that should the above-mentioned revisions impact RPC 28's original concurrence determination, to contact me at your earliest possible convenience.

Having received no formal response from your Committee regarding Region 8's revisions, it is therefore understood that the revisions do not impact the original concurrence determination granted to RPC 8 from RPC 28 on June 14, 2007.

Should this understanding be inaccurate, please contact me at your earliest possible convenience. RPC 8 plans to submit its proposed 700-MHz Plan to the FCC in early April.

On behalf of RPC 8, I thank you for your attention to this matter. The proposed RPC 8 700-MHz plan is the result of the dedication and perseverance of everyone involved in its development, including our neighboring regions. We believe that this Plan best meets the needs and requirements of our public-safety community.

Respectfully,

William Gardner
FCC RPC 8 700 and 800-MHz Chairman

Dear Chairman Cook:

On February 4, 2008, I delivered to you (via FedEx with delivery confirmation) correspondence on behalf of Regional Planning Committee (RPC) 8 regarding its proposed 700-MHz Plan.

The correspondence identified that RPC 8 revised its proposed Plan in accordance with the Second Report and Order adopted by the FCC on July 31, 2007 and that procedures to administer the Low-Power Interoperability Channels were included.

Furthermore, the correspondence requested that should the above-mentioned revisions impact RPC 30's original concurrence determination, to contact me at your earliest possible convenience.

Having received no formal response from your Committee regarding Region 8's revisions, it is therefore understood that the revisions do not impact the original concurrence determination granted to RPC 8 from RPC 30 on March 5, 2007.

Should this understanding be inaccurate, please contact me at your earliest possible convenience. RPC 8 plans to submit its proposed 700-MHz Plan to the FCC in early April.

On behalf of RPC 8, I thank you for your attention to this matter. The proposed RPC 8 700-MHz plan is the result of the dedication and perseverance of everyone involved in its development, including our neighboring regions. We believe that this Plan best meets the needs and requirements of our public-safety community.

Respectfully,

William Gardner
