

Please keep porn soft porn taking G-D's Name in vain homosexual activity off the airwaves help protect our society from decadent immoral behaviour protect our children uphold values prosecute those found violating your rules with higher fines enforce the rules

we have gone far enough toward the left's values if anything we need to turn back family values are the same as they have always been if society becomes corrupt the leadership of that society has to bear some portion of that blame you can listen to a certain constituency of your audience or you can do what is moral and right and perhaps turn a society around by your actions please do not allow a minority to control your decision making process America wants and needs morality and decency returned to our airwaves promote and defend family programming protecting our youth our society desperately needs men of character and morality leading the Way for America and your decisions play a great role in this our young people spend hours in front of a Television I did as well We need and look to you for help bring morality back to America stop those who would and are corrupting America's airwaves for greed and selfish interests that in the end destroy
