RE: WTB Docket Number 02-378 and PS Docket Number 06-229, Region 19 – 700MHz  
Amended Regional Plan

On January 31, 2008 New England Region 19 700MHz Planning Committee submitted a proposed amendment for the New England Region 19 700MHz Plan for compliance with Docket 07-132. Region 19 concurrently requested a temporary, limited waiver of Section 90.527(a)(3) and (6), for the non-availability of a revised Computer Assisted Pre-Allocation Resource and Database (CAPRAD). Region 19 will utilize the attached amended CAPRAD program as a guideline for assigning spectrum. However, on January 31, 2008 CAPRAD was not updated to reflect the new consolidated band frequencies prior to the FCC's plan amendment filing deadline. On September 19, 2008 the Region 19 Planning Committee voting members approved the revised CAPRAD narrowband frequency database.
