

I am writing regarding Time Warner's request to spin off its cable division.

I object to Time Warner's nationwide distribution of pornography through its pay-per-view cable service.

Pornography negatively affects children, families and society through increased rates of divorce, sexual abuse and the sexualization of young people.

Pornography devalues the importance of marriage as a beneficial and lasting institution for the good of society.

I would think you, too, should be just as concerned about the above.

I would hope that you would live up to your responsibility.
