**Re: Ex Parte Notice  
WT Docket Nos. 07-195 and 04-356  
Service Rules for Advanced Wireless Services in the 2155-2175 MHz Band**

Dear Ms. Dortch:

On December 5, 2008, Robert Dotson, President and Chief Executive Officer of T-Mobile USA (“T-Mobile”), spoke by telephone with Commissioner Adelstein regarding the above-captioned proceeding. Mr. Dotson reiterated the arguments in T-Mobile’s filings in this proceeding, particularly regarding the harmful interference to AWS-1 licensees and their customers – and the resulting detrimental impact on competition in wireless broadband services – that would occur if the Commission adopted the rules proposed in the *Further Notice*.

Pursuant to section 1.1206(b) of the Commission’s rules, an electronic copy of this letter is being filed with the Office of the Secretary and served electronically on Commissioner Adelstein.

Please direct any questions regarding this filing to the undersigned.

Sincerely,

/s/ Kathleen O’Brien Ham
