**Re: PS Docket No. 07-114, In the Matter of Wireless E911 Location Accuracy Requirements**

Dear Ms. Dortch:

On December 9, 2008, Joan Marsh of AT&T met with Commissioner Deborah Tate to discuss wireless E911 location accuracy requirements. Brian Fontes, the CEO of NENA, joined me for the meeting.

Consistent with AT&T's filed comments in the proceeding, I discussed the letter proposal filed jointly by AT&T, APCO and NENA to improve compliance measurements for the Commission's wireless E911 location accuracy rules governing network-based technologies. I asked Commissioner Tate for her support for the joint proposal and encouraged expeditious action.

Pursuant to the Commission's rules, please place a copy of this letter in the dockets of the above captioned proceedings.

Sincerely,

A handwritten signature in black ink, appearing to be "JM" followed by a horizontal line.
