Re: *Ex Parte Communication*; WT Docket Nos. 04-356 and 07-195

Dear Ms. Dortch:

On Wednesday, December 10, 2008, Steve Largent, President and CEO, Christopher Guttman-McCabe, Vice President, and Paul Garnett, Assistant Vice President, Regulatory Affairs, CTIA – The Wireless Association® along with George Wheeler of Holland & Knight, LLP (counsel to U.S. Cellular), Kelley Shields of Harris, Wiltshire & Grannis, LLP (counsel to 3G Americas), and Joshua Seidemann, Vice President, Regulatory Affairs of the Independent Telephone & Telecommunications Alliance, met with Commissioner Deborah Taylor Tate. Parties expressed concerns regarding proposed rules for Advanced Wireless Service (AWS) 2 and 3 spectrum in the 1915-1920 MHz, 1995-2000 MHz, and 2155-2180 MHz bands. Parties at the meeting urged the FCC to resolve this proceeding in a manner that provides for fair, open auctions with flexible service rules that do not mandate a particular business model and internationally harmonized technical rules that protect adjacent licensees from service degrading interference.

Pursuant to Section 1.1206 of the Commission's Rules, a copy of this letter is being electronically filed with your office. If you have any questions regarding this submission, please contact the undersigned.

Sincerely,

/s/ Christopher Guttman-McCabe

Christopher Guttman-McCabe
