

**Before the  
FEDERAL COMMUNICATIONS COMMISSION  
Washington, DC 20554**

In the matter of )  
March 2008 Capped Universal Service High )  
Cost Support for Competitive Eligible ) WC Docket No. 05-337  
Telecommunications Carriers ) DA 08-2684  
)

**COMMENTS OF UNICOM, INC.**

In response to the Commission's request for Competitive Eligible Telecommunications Carriers (CETC) corrections to proposed Universal Service High Cost Fund CETC Cap levels, Unicom, Inc (Unicom) files the following correction.

The Commission calculates the amount paid to Unicom for the month of March 2008 as \$750 for High Cost Loop Support (HCL) and \$1,079 for Local Switching Support (LSS). Actual amount received by Unicom, Inc. was \$781 for HCL and \$1,081 for LSS. The amounts used and actually received for Interstate Common Line Support (ICLS) are the same.

Unicom notes that the amount misstated for Unicom is small. However, in the interest of absolute accuracy we file this correction.

Respectfully submitted,

UNICOM, INC.
