to Ensure Compatibility with Enhanced)
E911 Emergency Calling Systems)
)

To: Wireless Telecommunications Bureau

**Report of Vermont Telephone Company, Inc. Regarding
Implementation of Wireless E911 Phase II Automatic Location Identification**

Please be advised pursuant to Section 20.18(i) of the Commission's rules that Vermont Telephone Company, Inc. ("VTel") plans to employ a network-based location technology to implement Phase II E-911 service if and when a compliant request for such service is received from a PSAP in the service area of this station. Conformance verification methods will be developed in response to the outcome of PS Docket No. 07-114, where the required accuracy metrics are being revised and honed.

Respectfully submitted,

VTel representative
