**Section 10. (Service Providers Only) Describe the Levels of Functionality into Which the Compliant Handsets Fall and Provide An Explanation of the Service Provider’s Methodology for Determining Levels of Functionality:**

nTelos offers a diverse handset line-up. We offer affordable handsets from low to high end functionality.

Low end handsets are offered at low cost prices and very affordable prices to prepay customers. These handsets have basic call functionality and text messaging capabilities.

Mid level handsets comes with features for personalization, such as ringtones, picture messaging, and mobile web.

High level handsets offer faster data speeds such as EVDO, video capture capabilities, and music among other features.

Smart level devices provide access to email, full QWERTY keyboard, along with an advance operating system with the ability to install applications.
