Marlene H. Dortch, Secretary  
Office of the Secretary  
Federal Communications Commission  
445 12<sup>th</sup> Street, SW, Suite TW-A325  
Washington, DC 20554

**Re: Status of Compliance with the Commission's Hearing  
Aid Compatibility Requirements  
WT Docket No. 07-250**

Dear Ms. Dortch:

NTCH, Inc. and IAT Communications, Inc. and its operating subsidiaries, NTCH-CA, Inc., NTCH-IDAHO, Inc., and NTCH-WEST TENN, Inc. (collectively, "NTCH"), by their attorneys and pursuant to the Federal Communications Commission's ("FCC" or "Commission") Order<sup>1</sup> in this matter, hereby submit the Hearing Aid Compatibility Status Report ("FCC Form 655").

Should you have any questions or need further information, please contact the undersigned.

Respectfully submitted,

/s/ *Kenneth C. Johnson*

**Section 5. Total Acoustic and Inductive Coupling-Compatible, Acoustic Coupling-Compatible, and Non-Hearing Aid-Compatible Handset Models By Air Interface Technology**

| Air Interface Technology (GSM,CDMA,WCDMA, etc) | Number of Fully Hearing Aid-Compatible Handset Models | Number of Acoustic Coupling-Compatible Handset Models | Number of Non-Hearing Aid-Compatible Handset Models | Remark |
|--|---|---|---|--------|
| <b>CDMA</b>                                    | <b>10</b>   | <b>12</b>   | <b>6</b>  |        |

**Section 7. Product Labeling Information:**

**Do all hearing aid-compatible handsets include labeling?**

*Yes*  *No*

**If no, please explain.**

**Do all hearing aid-compatible handsets with the Wi-Fi air interface have clear and effective disclosure that the handset has not been tested for hearing aid compatibility with respect to its Wi-Fi voice operation?**

*Not Applicable*

**Section 8. Public Website:**

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system?

Yes  No

If yes, please provide the address for the public website.

<http://www.clear-talk.net/clear-talk/Ca/phones.php>

<http://www.clear-talk.net/clear-talk/Id/phones.php>

<http://www.clear-talk.net/clear-talk/Tn/phones.php>

**Section 9. Describe Consumer Outreach Efforts in the Past 12 Months:**

NTCH maintains a public website displaying their entire selection of handset and devices, including those that are HAC-compliant. NTCH's sales staff is trained to assist existing and prospective customers in identifying HAC-compatible handsets and devices. Existing or prospective customers can typically find whether a handset or device is HAC-compliant by either checking the packaging containing the handset/device, or by consulting the packaging insert or operations manual. For more information on HAC, existing and prospective customers can be directed to [www.accesswireless.org/hearingaid/brochures.cfm](http://www.accesswireless.org/hearingaid/brochures.cfm) and other public websites dedicated to HAC education.

**Section 10. (Service Providers Only) Describe the Levels of Functionality into Which the Compliant Handsets Fall and Provide An Explanation of the Service Provider's Methodology for Determining Levels of Functionality:**

NTCH offers HAC-compatible handsets and devices in all major price categories, including low-cost ("C" level) (<\$100), moderate-cost ("B" level) (\$100-\$250), and high-end/feature-rich ("A" level) (>\$250). Costs generally correlate with the number of features, but, if through experience, NTCH finds that a certain handset contains features that work well with hearing aids, such as volume control, it will be labeled accordingly at the "high-end/feature-rich" or "A" level for functionality. NTCH's sales staff is trained to assist all existing and prospective customers looking for a HAC-compliant device/handset. HAC-compatible handsets and devices vary in their inherent "levels of functionality," but typically at least one (1) HAC-compliant handset/device with features and services typical of its price category can be found that meets each customer's price range.
