If no, please explain.

**Section 9. Describe Consumer Outreach Efforts in the Past 12 Months:** SouthernLINC maintains marketing material for use by its direct sales force and company owned stores. SouthernLINC's web-site includes pages describing its handset offerings with HAC compliant handset clearly identified with their "M" and/or "T" rating.

**Section 10. (Service Providers Only) Describe the Levels of Functionality into Which the Compliant Handsets Fall and Provide An Explanation of the Service Provider’s Methodology for Determining Levels of Functionality:**

Pursuant to applicable FCC rules and regulations, SouthernLINC Wireless currently groups its handset portfolio into three (3) levels of functionality. Factors used by SouthernLINC in developing “levels of functionality” include, but are not limited to, technical specifications, ergonomic features, retail price, and targeted or likely end user groups. A description of SouthernLINC’s levels of functionality is set forth below:

**Functionality  
Level**

**Description**

A

Handsets for use by the general consumer population in routine daily voice and text message communications.

B

Rugged handsets for use by consumers engaged in construction, building services trades, utilities and public safety operations.

C

Blackberry or similarly Internet-enabled handsets.
