Supplemental Information

South Central Utah Telephone Association, Inc. (“the Company”) is a rural telephone company and provider of broadband PCS service with operations in the State of Utah. The Company currently offers its customers a selection wireless handset models listed in Attachment A. In addition to offering a wide variety of hearing aid-compatible devices, the Company also offers text-only service plans for the hearing impaired.

Section 7 – Product Labeling

The Company’s staff routinely verifies that all hearing aid compatible devices are labeled in accordance with the Commission’s Rules. In particular, upon receipt from the manufacturer or distributor, the Company verifies that that the HAC rating(s) are displayed on the packaging material for all compliant devices and that a description of the ANSI C63.19 rating system has been included in the device’s user’s manual or as an insert.

Section 8 – Public Website

As noted above, the Company is a small rural service provider. It maintains a web site with basic information about its service offerings at <http://www.scwireless.com>. At the time of filing report is being filed with the FCC, the Company was in the process of updating its web site to provide information about the availability of hearing aid-compatible handset models, the ratings of those models, and an explanation of the ANSI rating system.
