*Re: Resubmission of January 2009 Hearing Aid Compatibility Report
West Iowa Wireless, LLC d/b/a WesTel Systems
WT Docket No. 07-250*

Dear Ms. Dortch:

On behalf of West Iowa Wireless, LLC d/b/a WesTel Systems ("West Iowa"), we hereby submit a revised copy of West Iowa's January 2009 Hearing Aid Compatibility ("HAC") report. The attached report corrects typographic errors that appeared in Attachments A and B (where the company's legal name was mistakenly listed as "Western Iowa Wireless, LLC" instead of "West Iowa Wireless, LLC." There are no changes to the substance of West Iowa's report.

Please contact the undersigned counsel should you have any questions.

Very truly yours,

D. Cary Mitchell
John A. Prendergast
Counsel to West Iowa Wireless, LLC

Supplemental Information

West Iowa Wireless, LLC d/b/a WesTel Systems (“the Company”) is a small rural CMRS service provider with operations in the State of Iowa. The Company provides its service in conjunction with Iowa Wireless Services d/b/a iwireless. In its company-owned stores, the Company offers a selection of wireless handset models, including a variety of hearing-aid compatible devices, specified in Attachment A. Additional handset models and accessories may be ordered from iwireless (at <http://www.iwireless.com/phones.asp>) and are typically delivered to the customer within 24 – 48 hours.

Section 7 – Product Labeling

The Company obtains its inventory of wireless handsets exclusively from iwireless, and staff from iwireless routinely verifies that all hearing aid compatible devices are labeled in accordance with the Commission’s Rules. Upon receipt from iwireless, the Company verifies that that the HAC rating(s) are displayed on the packaging material for all compliant devices and that a description of the ANSI C63.19 rating system has been included in the device’s user’s manual or as an insert.

The Company does not currently offer any hearing aid-compatible devices that also utilize the Wi-Fi air interface.

Section 8 – Public Website

As noted above, the Company is a small rural service provider that provides service in conjunction with the iwireless network. The Company maintains a web site with basic information about its service offerings at www.westelsystems.com. Because the Company lacks the personnel and resources necessary to maintain an extensive site (and because such resources are better used for extending service to rural and underserved areas), information about the Company’s iwireless service and a complete list of handset offerings (including a click-box feature that allows customers to easily sort and identify hearing aid compatible devices) is provided at <http://www.iwireless.com/phones.asp>. An explanation of the HAC rating system, along with links to industry resources, a list of compliant devices and their compatibility ratings, a description of the company’s methodology for determining handset functionality and information on other wireless accessibility options for the deaf and hard of hearing are readily available to the public at http://www.iwireless.com/customer_support-hearing_aid.asp. A direct link to this information is provided on a web page that describes the Company’s wireless services and relationship to iwireless at <http://www.westelsystems.com/wireless.html>.
