1. Type of company that is the subject of your complaint:

, Other

2. Please provide the details of your complaint, including the dates, times and nature of any conduct or activity complained of and identifying information of any companies, institutions or individuals involved:

a. Date (mm/dd/yyyy):

b. Name of company or individual: FCC

c. Details of the activity or conduct that form the basis for your complaint: I understand that new rules are about to be considered involving the use of wireless microphones. The new rules will likely make it impossible for churches like ours to continue using our wireless microphones and in-ear monitors as we do today. This would also affect all broadcasting (including Christian television) and events such as concerts (including Christian concert events). This would be a terribly set back for our small church. PLEASE RECONSIDER the negative effect this ruling would have on churches and other entities across our nation. It is not right that one organization (DTV) should be favored over all others that utilize the same type of technology.
