Re: PS Docket No. 07-114, In the Matter of Wireless E911 Location Accuracy Requirements

Dear Ms. Dortch:

On February 5, 2009, Robert W. Quinn, Jr., and Joan Marsh of AT&T and Brian F. Fontes, Chief Executive Officer of NENA, met with Paul Murray, Legal Advisor to Acting Chairman Copps to discuss the ongoing proceeding involving wireless E911 location accuracy requirements.

The parties discussed the letter proposal filed by AT&T, APCO and NENA to improve compliance measurements for the Commission's wireless E911 location accuracy rules governing network-based technologies. The parties asked for support of that proposal and encouraged the Commission to act on the proposal expeditiously.

This letter is being filed pursuant to Section 1.1206 of the Commission's rules.

Sincerely,

/s/ Jeanine Poltronieri
