STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 09-3

Reply Comments Due: February 3, 2009

On January 5, 2009, Powercom Corporation (Powercom) and Lambeau Telecom Company, LLC (Lambeau) (collectively, Applicants) filed an application pursuant to section 63.03 of the Commission's rules to transfer substantially all of the assets of Powercom to Lambeau.¹ Powercom, a Wisconsin corporation, is authorized to provide competitive local exchange service in Wisconsin and interexchange services in Georgia, Indiana, Iowa, Kansas, Minnesota, North Carolina, North Dakota, Texas, and Wisconsin. Lambeau, a New Jersey limited liability company, does not currently provide telecommunications service. BCN Telecom, Inc. (BCN), a U.S.-based telecommunications entity, owns 10 percent of Lambeau, and Telecom Acquisition Company, LLC (TAC), also a U.S.-based telecommunications entity, owns 100 percent of BCN.² The following U.S. citizens own 10 percent or more of the equity of TAC: Richard M. Boudria (48.5 percent) and William P. Mulcahy (11.5 percent). Pursuant to the terms of the proposed transaction, Powercom and Lambeau, as an assignee of BCN, have entered into an agreement in which Lambeau will acquire substantially all of Powercom's assets, including customer contracts. Applicants assert that the proposed transaction is entitled to presumptive

¹ 47 C.F.R. § 63.03; see 47 U.S.C. § 214. Applicants are also filing applications for transfer of control associated with authorization for international services. Any action on this domestic section 214 application is without prejudice to Commission action on other related, pending applications. Applicants filed supplements to their domestic section 214 application on January 12 and January 13, 2009. On January 7, 2009, Applicants filed a request for special temporary authority (STA) to close the transaction as soon as possible, and not later than January 22, 2009, because they state that Powercom is experiencing severe financial difficulties and is under foreclosure by its secured debt holder. They further state that the STA is necessary to transfer customers to Lambeau and prevent service disruptions. On January 8, 2009, the Wireline Competition Bureau granted the STA for domestic authorization for a period of 60 days. Letter from Patrick D. Crocker, Counsel, to Marlene H. Dortch, Secretary, FCC, WC Docket No. 09-3 (filed Jan. 7, 2009).

² BCN is an authorized reseller of intrastate interexchange telecommunications services throughout the United States, with the exception of Alaska, and has competitive local exchange authority in 25 states and the District of Columbia. TAC does not currently provide telecommunications service. Applicants state that Lambeau has no other telecommunications affiliates.

streamlined treatment under section 63.03(b)(2)(i) of the Commission's rules and that a grant of the application will serve the public interest, convenience, and necessity.³
