Tele-beep Paging Co. is a one-way local area, single transmitter paging company that does not offer IP enabled services, voice mail services, or data retrieval services. Pagers are reached only by dialing a local phone number assigned to a pager via any method that can access the local phone company. Tele-beep is incapable of knowing what kind of CPNI or whose CPNI is accessing the paging numbers. Tele-beep currently has 81 active paging numbers that are in service. These numbers are not listed by us with any data service provider of any type. Tele-beep Paging Co. does not have access to any of our customer's network information.
