RE: NSAC, LLC
Transition of the 2500-2690 MHz Band for BRS and EBS
Transition Area: BTA Number 441: Temple-Killeen, Texas

Dear Ms. Dortch:

On February 12, 2007, NSAC, LLC (formerly Nextel Spectrum Acquisition Corp.), a wholly-owned subsidiary of Clearwire Corporation (together "Clearwire"), filed its Transition Initiation Plan for BTA Number 441: Temple-Killeen. Pursuant to the Commission's Rules, that Transition was supposed to be completed by November 12, 2008. On December 16, 2008 Clearwire requested a brief extension of time within which to complete that Transition. On January 16, 2009, the Commission granted that request, providing Clearwire until February 28, 2009 within which to complete the Transition. As explained below, Clearwire finds it necessary to file a request, for an additional extension of time in which to complete that Transition. A copy of this Request for Extension is being served on the parties to that Transition.¹

As Clearwire explained in its December 16, 2008 letter, one of the reasons behind Clearwire's request for extension of time was the continued pendency of pending request for opt-out of the Transition related to Central Texas Communications, Inc. Until the Commission acts on the pending request for opt-out, or the issues related to that request are otherwise resolved, Clearwire cannot be sure what is required of it with respect to certain effected licensees and is unsure about what steps are necessary with respect to completion of the Transition. Clearwire believes that no parties will be prejudiced by grant of this request.

¹ Copies of this request for waiver are not being served on Clearwire entities.

If there are any questions, please contact the undersigned at (202) 330-4011 or at nadja.sodoswallace@clearwire.com.

Sincerely,

Nadja S. Sodos-Wallace
