Re: Amendment of Part 27 of the Commission's Rules to Govern the Operation
of Wireless Communications Services in the 2.3 GHz Band
WT Docket No. 07-293

Dear Paul:

I have seen your recent filing in this docket requesting the FCC mandate that Sirius XM replicate, with representatives of the Commission and the WCS Coalition in attendance, the recent road tests demonstrating the interference that WCS operations would cause to Sirius XM's service. Sirius XM would be happy to replicate this test as you suggest as soon as possible.

To that end, let me suggest that that your representatives witness the testing this Friday, February 27, 2009 at 8:00 a.m. at Sirius XM's facilities in Princeton, NJ. This start time will allow Sirius XM to conduct the tests under conditions comparable to those present during the original tests. Please give me a call to discuss the details.

Sincerely,

Robert L. Pettit
