Re: EB Docket No. 06-36
MAP Mobile Communications, Inc. (499 Filer ID 808005)
MAP Paging Company, Inc. (499 Filer ID 808006)

Dear Ms. Dortch:

MAP Mobile Communications, Inc. ("MAP Mobile") and MAP Paging Company, Inc. ("MAP Paging") (collectively, "MAP") hereby submit this letter to notify the Commission that, for the reasons stated herein, MAP is not required to file a certification regarding compliance with the rules governing Customer Proprietary Network Information ("CPNI") for calendar year 2008.

MAP does not, and did not during calendar year 2008, provide Voice over Internet Protocol ("VoIP") services. Additionally, MAP did not provide telecommunications services "directly to the public, or to such classes as users as to be effectively available directly to the public" at any time in calendar year 2008. MAP therefore was not operating as a "telecommunications carrier" during the 2008 calendar year, and is not required by Section 64.2009(e) to file a certification for that year. This letter is being submitted out of an abundance of caution, and so that the Commission's records with respect to this matter may be complete.

Should MAP commence providing telecommunications or VoIP services to end-user customers, it will comply with the Commission's Rules governing CPNI with respect to information obtained from those customers.

Federal Communications Commission

Respectfully submitted,
