

Please, please do the right thing and preserve PEG Channels by granting the petitions of the Alliance for Community Media CSR-8126, the City of Lansing, Michigan CSR-8127 and the City of Dearborn, Michigan CSR-8128. These petitions will prohibit AT&T, Comcast and others from diminishing the public's ability to access public channels by making them hard to locate, difficult to tune, impossible to record on DVR, impossible to add closed captioning and otherwise to be treating substantially differently than other cable channels. Local content provided by public access television builds community, enhances communications among citizens and serves as the town square of the 21st Century. Thank you for your dedication and leadership. I know that you will do the right thing.
