**REQUEST FOR EXTENSION**

Accessline Communications Corporation (FRN No. 0015-9823-66) respectfully requests a 5-day extension of time to March 21, 2009, to complete our filing of the revised form 477 due March 16, 2009. Accessline Communications Corporation acknowledges the importance of the information being requested by the FCC in the Form 477 as well as the need to have this information provided in a timely manner. Due to circumstances beyond our control, completing and submitting the revised Form by the close of business March 16, 2009 cannot be successfully performed for the following reason: 1) the information is still being gathered for upload to the FCC Website. We are vigorously trying to compose our information in the format acceptable and requested from the FCC's new requirements for filing.

Accessline Communications Corporation is committed to providing the accurate information required in the Form 477, and believes with this 5-day extension to file it can accurately file its information.

In conclusion, for the foregoing reasons, AccessLine Communications request the Commission grant it a 10-day extension of time to submit its revised Form 477 filing, currently due March 16, 2009. If the Form 477 is successfully completed prior to the expiration of the 5-day extension, it will be submitted at that time.

Respectfully Submitted,

Debbie Laundrie

Controller
