

Phoenix International Teleport Satellite Services, Inc. ensures that all phone records are kept in the strictest confidentiality. CDR's, billing records, subscriber information are not given out to any person or company unless requested by a subpoena and signed by an authorized individual. (i.e. District Attorney, Judge, etc..)

All employees of Phoenix International Teleport Satellite Services know that they are not to divulge any information regarding phone records and if requested by an individual or company they are to let an officer of the company know so that we can find out who wants the information.

Customers are given a ID and Password to acquire such information and if they request phone records, they must present us with their ID and Password in order to obtain the needed information in regards to their companies phone records.

Scott Peterson

Vice President, Phoenix International Teleport Satellite Services, Inc.
