

I am writing on behalf of TVGuardian. We have had TVGuardian in our home for 10+ years and would not want to be without it. To us it is a necessity with small children and teens. I do not like hearing the profanity on TV without it.

There isn't anyone in our home deaf but we have watched TV with the closed caption and it is accurate and I can see where it would be very helpful and enjoyable to a deaf individual.

I would love to see TVGuardian more assessable and easier to acquire and use. I believe it would be the best thing the FCC could do for families.

Thank you for your consideration.
