Re: MB Docket No. 07-148,  
Digital Television Transition Education Report,  
Rule Section 27.20.

**First Quarterly Report**

Dear Ms. Dortch:

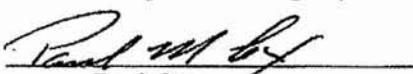

Manti Telephone Company is the licensee of stations WQJU696, WQJU697, WQJU698, WQJU699 and WQJU700 in the Lower 700 MHz band. These licenses were acquired in Auction 73 and were granted on January 6, 2009.

Pursuant to Section 27.20 of the Commission's Rules, we hereby report to the Commission that, as the licensee of the stations described above, for the quarter ended March 31, 2009, we were not involved in outreach efforts to educate consumers about the transition from analog to digital broadcast television (DTV) service, primarily because these stations are not yet in operation and therefore have no customers.

However, we are actually engaged in such outreach efforts by virtue of the fact that, as a recipient of federal USF funds, we include information regarding the DTV transition in the monthly billings to our wireline (including Lifeline and Link-Up) subscribers and as part of any Lifeline or Link-Up publicity campaigns that we undertake.

Very truly yours,

**Manti Telephone Company**
