

I urge you to require foul language filtering technology on TV, cable, satellite and other devices that show TV programs and movies.

We call it "foul" because it is base and it corrupts personalities, especially children. We have a responsibility as parents to see to it that our children are protected from the increasingly vulgar programming on TV.

On another note, since the FCC is in charge of this, it is YOUR OWN responsibility that TV and other forms of entertainment are becoming completely vulgar. Don't be the gateway for vulgarity; rather, be proactive in providing a solution to these vulgar influences in this decaying society.

Thank you,

Brian Carabee
