

Please put into place the foul language filtering technology on TV, cable, satellite and other devices that show TV programs and movies.

Our family does not like the foul language in TV and movies. Not everyone has a foul mouth, and our children deserve better. Children learn what they live and TV programs, movies etc, are all playing into the tolerance mode that everything goes. Well it does not go in my home or with my kids, or grandkids. Please at least allow a filtering device be used by those who choose to not be exposed or expose our kids to filth on TV. Thank you,

Brenda J. Quinn
