**RE: Self-Transition Notice: North Dakota Network Co.  
Transition of the 2500 - 2690 MHz Band for BRS and EBS  
Call Sign B299, Minot, ND Basic Trading Area (BTA299)**

Dear Ms. Dortch:

North Dakota Network Co. ("NDNC") is the licensee of BRS channel(s) M1M2AE1E2E3E4F1F2F3F4H1H2H3 under Call Sign B299. The geographic service area reference point for this authorization is the Minot, North Dakota BTA (BTA299).

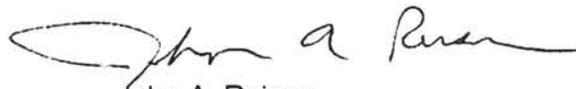

To the best of NDNC's knowledge, no Initiation Plan was filed for the Minot BTA as of January 21, 2009. Accordingly, pursuant to Section 27.1236, NDNC wishes to self-transition the BRS facilities authorized under Call Sign B299 to the default channel locations specified in Section 27.5(i)(2).

NDNC will send a Self-Transition Notification to the other licensees in the Minot BTA and to those licensees whose GSA boundaries overlap the geographic area associated with Call Sign B299. This Notification will include the information specified in Section 27.1236(c). Any interference conflicts revealed during the channel transition process will be coordinated with the other licensees that also are self-transitioning.

Upon completion of the facility modifications, NDNC will file a modification application with the Commission. This process will be completed on or before October 20, 2010.

Should you have any questions regarding this matter, please contact our company's FCC counsel, Mr. Cary Mitchell of the Blooston law firm, at (202) 828-5538.

Sincerely,

John A. Reiser  
Assistant General Manager/COO
