Please censor vulgar language, including, but not limited to "the F-word". Besides wanting my six year old to not hear such things, I don't want to hear them either.

Also, violence is uncalled for and please quit showing that to me, too. There is too much real violence going on in the world, without having to see it on TV.

And, there should be no violences, sexual content or vulgar language before 9PM. Whatever happened to Family Time on TV?
