Commissioner, Federal Communications Commission

Dear Jonathan Adelstein:

RE: Please vote today to support a LIFELINE, free, family-friendly, nationwide wireless broadband (FCC Proceeding 07-195 for the 2155-2175 band).

I applaud the efforts of the FCC and those Members of Congress who support the creation of a LIFELINE of free, family-friendly, wireless broadband network for at least 95% of Americans.

A lifeline of free broadband would bring much needed relief for many Americans who struggle to make ends meet with basic living expenses and would raise our country's economic competitiveness to the benefit of ALL Americans. Over 100 million Americans still lack broadband and one study indicates that a mere 7% percent increase in broadband adoption would create 2.4 million jobs and have a \$134 billion economic impact. Imagine what broadband access for nearly ALL Americans could do for job creation and our economic competitiveness.

Since the item is on circulation and can be voted on by the FCC at any time, I strongly encourage you to support this lifeline of free, family-friendly broadband today as it will bring unprecedented benefits to our great country.

Please don't delay -- support free broadband in America today.

Sincerely,

Rafael Morales
