**Re: Aviation Data Systems  
Request for Waiver of Section 87.131  
WT Docket No. 08-9**

Dear Ms. Dortch:

Aviation Data Systems (“ADS”), through its counsel, hereby requests that its application for waiver of Section 87.131 be granted expeditiously in order to enable the certification of equipment known as the Multi-Protocol Ramp Tester (MPRT) for sale in the United States. ADS has customers that urgently desire to purchase and use the equipment for domestic aviation operations.

In an effort to secure immediate grant, ADS hereby agrees that it will accept, as a condition of its waiver, a requirement that the MPRT be prohibited from operating in the United States with a transmit power that exceeds 100 microwatts.

Please let us know if you have any questions about this matter.

Sincerely,

/s/ Bruce A. Olcott
