

## Pakistan Community Welfare Committee Bahrain

On the internet under Bahrain directory there is a site [www.pcfbahrain.org](http://www.pcfbahrain.org) titled Pakistan-Community Welfare Committee. The homepage says this Forum is developed to cater Pakistan community in Bahrain. Though I am living in Bahrain since 1969 I have first time heard this name. The welfare committees my experience is are at least in our Pakistan case are created merely for some self personal or political interest but never for general community interest. The proof what type of this drawing room Committee is that on its home page Mr. Iftikhar Hussain Kazmi is Chairman of the Committee who has left Bahrain since two years. Mr. Shaukat Ali Mukadam the Pakistan Embassy Minister is Member who has left Bahrain since three years. Mr. Habib-ur-Rehman Gilani Pakistan Embassy cultural attachÃ© is member who has left Bahrain since 8 months. It can well be imagined how real this committee is. About 10 years ago a similar Pakistani Education Committee was made in the then Ambassadorâ€™s

house meeting. The aim of the committee was to make fund for helping poor students in getting education. The first donation then and there made was by Sheikh Mohamed Sajid Chairman of the Pakistan Club. Later no body ever heard any activity of that committee or that fund. The above home page has a bold Heading â€œRaise Your Voiceâ€. I am raising my voice to know in which drawing room this Committee exists. Is it being run through remote control by those senior office bears who have since years have gone for ever from Bahrain. Where are the funds of all past committees and this committee.
