

Regarding the Cox (Communications Provider)-LM Sandler (Developer)-Lexington Homeowners (Residents/Consumer/Violated Party) Dispute in Virginia Beach, VA:

What needs to be done to nullify the Cox Cable-LM Sandler contract, locking in Lexington homeowners to pay for Cox Communications services for 25-75 years? Market competition is eliminated. LM Sandler (developer) still controls the Homeowners Association funds. LM Sandler refuses to reproduce this contract. This practice is deceitful and criminal, yet two years of complaints has done nothing to resolve the issue.

This egregious contract begets unsellable property, foreclosure potential, and consumer violation.
