Re: Notice of Change in IP- Relay Service  
CG Docket 03-123, In the Matter of Telecommunications Relay Services  
and Speech-to-Speech Services for Individuals with Hearing and Speech  
Disabilities

Dear Ms. Dortch:

Commission rule 64.606(f)(2) requires VRS and IP Relay Providers to notify the Commission of any substantive changes in their TRS programs, services, and features within 60 days of the change. This letter provides notice to the Commission that on April 30, 2009, AT&T upgraded its IP Relay platform by transitioning from web-based IP Relay to IM-based IP Relay. AT&T hereby certifies that its IM-based IP Relay service meets federal minimum standards.

If you have any questions, please feel free to call.

Sincerely,

/s/ Toni Acton

Toni R. Acton
