Boston, MA 02201

On May 28, 2009, the City of Boston (the "City" hereinafter) filed with FCC the Amended Request for Waiver of Commission rules to enable the City to deploy an interoperable public safety wireless broadband network in the 700 MHz public safety allocation. This Erratum corrects the Amended Waiver Request as indicated below:

1. On Page 1, Part I (Summary of Amended Request), lines 4 and 5, replace "758-768 MHz and 788-798 MHz" with "763 MHz -768 MHz and 793 MHz - 798 MHz."
2. On Page 13, the first full para., line 2, replace "D Block" with "public safety broadband spectrum allocation."
