### **Competitors Chart: Notes**

1. The cellular, PCS, AWS, and 700 MHz data in this chart come from the Commission's Universal Licensing System database. The SMR and BRS data come from the Public Interest Statement that Sprint and Clearwire filed in connection with the formation of New Clearwire.
2. The chart assumes the consummation of the AT&T/Centennial transaction and the transaction proposed in these Applications.
3. Spectrum subject to long term leases is attributed to the lessee.

Exhibit 2 -- Appendix C  
Map  
Wireless Systems in AT&T Transaction

Qualification of Exchange Accommodation Title Holder

As explained in the Public Interest Statement, AT&T Inc. ("AT&T") may elect to treat this transaction as part of a reverse like-kind exchange under 26 U.S.C. § 1031. If so, the indirect Cellco Partnership d/b/a Verizon Wireless subsidiary that is the parent of Abraham Divestiture Company LLC ("ADC") will transfer its interest in ADC not to an indirect subsidiary of AT&T but instead to Garden Acquisitions Inc. ("GAI"), which would function as an exchange accommodation title holder. AT&T will exercise *de facto* control over the assets during the limited time period during which GAI will have title to ADC.

The purpose of this exhibit is to demonstrate that GAI is qualified to control a Commission licensee in the event that AT&T elects to treat this transaction as part of a reverse like-kind exchange and GAI assumes *de jure* control of ADC at closing. As shown below, GAI possesses the character qualifications to control a Commission licensee, and GAI's ownership of ADC raises no issues under Section 310(b) of the Act, 47 U.S.C. § 310(b).

First, GAI possesses all of the basic qualifications to control an FCC licensee.

1. Neither GAI nor any of its officers and directors or any party that directly or indirectly controls GAI has had any FCC station authorization, license, or construction permit revoked or had any application for an initial, modification, or renewal of FCC station authorization, license, or construction permit denied by the Commission.
2. Neither GAI nor any of its officers and directors or any party directly or indirectly controlling GAI has ever been convicted of a felony by any state or federal court.
3. No court has finally adjudged GAI or any person directly or indirectly controlling GAI guilty of unlawfully monopolizing or attempting unlawfully to monopolize radio communication, directly or indirectly, through control of manufacture or sale of radio apparatus, exclusive traffic arrangement or any other means or unfair methods of competition.

Second, GAI's control of ADC does not raise any foreign ownership concerns under Section 310(b) of the Act, 47 U.S.C. § 310(b). GAI is organized under the laws of Delaware and is a representative of neither a foreign government nor an alien.

1. GAI is not directly or indirectly controlled by any other corporation of which more than one fourth of the capital stock is owned of record or voted by aliens, their representative, or by a foreign government or representative thereof, or by any corporation organized under the laws of a foreign country.
2. GAI is not a corporation of which more than one fifth of the capital stock is owned of record or voted by aliens or their representatives or by a foreign

government or representative thereof or by any corporation organized under the laws of a foreign country.

Finally, GAI's control of ADC does not raise any competition-related concerns because GAI does not directly or indirectly hold any FCC licenses, nor does it directly or indirectly control or hold a direct or indirect interest in any FCC-regulated entity that is attributable under the rules governing the wireless radio services.

GAI hereby makes the following certification statements:

1. GAI certifies that the authorization(s) will not be assigned or that control of the license(s) will not be transferred until the consent of the Federal Communications Commission has been given.
2. GAI waives any claim to the use of any particular frequency or of the electromagnetic spectrum as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise, and requests an authorization in accordance with this application.
3. GAI certifies that grant of this application would not cause GAI to be in violation of any pertinent cross-ownership or attribution rules.
4. GAI agrees to assume all obligations and abide by all conditions imposed on the Assignor/Transferor under the subject authorization(s), unless the Federal Communications Commission pursuant to a request made herein otherwise allows, except for liability for any act done by, or any right accrued by, or any suit or proceeding had or commenced against the Assignor/Transferor prior to this assignment/transfer.<sup>1</sup>
5. GAI certifies that all statements made in this exhibit or documents incorporated by reference are material, are part of this application, and are true, complete, correct, and made in good faith.
6. GAI certifies that neither it nor any of its officers and directors or any party that directly or indirectly controls GAI is subject to a denial of Federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862, because of a conviction for possession or distribution of a controlled substance.
7. GAI certifies that it is not in default on any payment for Commission licenses and that it is not delinquent on any non-tax debt owed to any federal agency.

---

<sup>1</sup> Pursuant to GAI's contractual relationship with AT&T and ADC, AT&T will assume all compliance responsibilities with respect to the subject authorizations.

I certify under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on May 21, 2009.

A handwritten signature in black ink, appearing to read 'William P. Lopriore Jr.', written over a horizontal line.

Name: William P. Lopriore Jr.

Title: President, Garden Acquisitions Inc.

Limitation on Assignee Signature

An officer of AT&T Mobility Corporation ("AMC") is signing this application on behalf of Abraham Divestiture Company LLC ("ADC"). Neither AMC nor any of its affiliates currently owns or controls ADC. After the consummation of the proposed transaction, however, ADC will be a wholly owned, indirect subsidiary of AT&T Inc., and AMC will manage ADC. In signing this application, the AMC officer's certifications about ADC pertain to that entity as it will exist and operate *post-consummation* of this transaction.

### EXPLANATION OF AMENDMENT

This application is being amended to correct a typographical error in the penultimate sentence on page ii of Exhibit 1 by substituting “77” for the prior text, as well as to make minor changes to Appendices A and B.
