Re: WC Docket No. 09-82

I am an adult resident of St. Croix, United States Virgin Islands. I am a rate payes as I have several accounts with the telephone and cable televisions companies in question.

I write to OBJECT to the granting of licenses in WC Docket No. 09-82. The series of applications, if granted, will not serve the Virgin Islands public interest, will destroy and hinder competition and the operation of the telecommunications and cable television business in the U.S. Virgin Islands. The issuance of such a license is illegal and violates antitrust laws of the United States. The Commission should let competition rule in the Virgin Islands. Rate payers should have choices.

Cordially,

Jeffrey Moorhead
