Dear Mr. Kwan:

Thank you for your response to our request for assistance in gathering data on broadband deployment in Hong Kong. As we work towards developing a national broadband plan for the United States, your assistance will be invaluable to our efforts to learn from Hong Kong's experience. We believe that understanding the experiences of our colleagues around the world will benefit our own work.

We are grateful for the data that you and your staff provided to us, and we look forward to working with you and your staff on these important issues.

If I can be of further assistance, please do not hesitate to contact me or my staff.

Sincerely,
