Thank you for your response to our request for assistance in gathering data on broadband deployment in your nation. As we work towards the development of a national broadband plan for the United States, your assistance will be invaluable to our efforts to learn from the experience of your nations and of other nations across the world.

The information you recently provided us has been very helpful to our efforts, and we look forward to working with you and your staff on these important issues.

If I can be of further assistance, please don't hesitate to contact me or my staff.
