I am from station ___KGGV Ip__ in _Guerneville, CA_.

 I am writing to ask the FCC to consider LPFM stations signals in assigning 307b preferences to full power FM broadcasters applying to change their community of license.

KGGV is a vital force in our tiny, rural community. We serve both in times of emergency and daily in the lives of townspeople.   

As a representative of an LPFM station, I believe it is unfair that the existence of an LPFM signal is not even considered in determining whether the move to allow commercial stations to encroach will be granted. I am writing the Commission to ask that changes to communities of license are only approved after an evaluation of the effect of the move on LPFM stations. If the move is found to disturb an LPFM's broadcast, the change should only be allowed pending an evaluation of the public interest.  Thank you for your concern for this issue, which in many cases is a matter of life and death for LPFM stations around the country.

Respectfully submitted,   

Signed
