**PS Docket No. 06-229; WT Docket No. 06-150**

Dear Ms. Dortch:

Today, Christopher Babbitt, of Wilmer Cutler Pickering Hale and Dorr LLP, and the undersigned met with David Goldman of Chairman Genachowski's office to discuss the above-captioned proceedings. We discussed Verizon Wireless' support for the proposal by the public safety community for replacement of the current D Block rules with a regional "network of networks" approach. We also discussed the important relationship of the pending 700 MHz public safety waiver requests to that overall approach, and provided staff with the attached white paper that outlines our views on the best means for addressing public safety's need for a broadband network.

Pursuant to Section 1.1206(b) of the Commission's Rules, an electronic copy of this letter is being filed for inclusion in the above-referenced docket.

Sincerely,

/s/ Donald C. Brittingham  
Donald C. Brittingham
