**CONSOLIDATED APPLICATION FOR TRANSFER OF CONTROL AND
ASSIGNMENT OF INTERNATIONAL AND DOMESTIC SECTION 214 AUTHORITY**

Pursuant to Section 214 of the Communications Act of 1934, as amended (“the Act”), and Sections 63.04, 63.18 and 63.24 of the Commission’s rules,¹ Verizon Communications Inc. (“Verizon”), New Communications of the Southwest Inc., New Communications of the Carolinas Inc., New Communications Online and Long Distance Inc. and Frontier Communications Corporation (“Frontier”) (collectively, “Applicants”) request Commission consent to partially assign or transfer control of certain international and domestic Section 214 authority held by various Verizon wholly-owned subsidiaries² to Frontier. Such authority is

¹ 47 C.F.R. §§ 63.04, 63.18 and 63.24.

² The Verizon subsidiaries who hold Section 214 authorizations that will be included in this transaction are: Contel of the South, Inc. d/b/a Verizon Mid-States, Verizon California Inc., Verizon North Inc., Verizon Northwest Inc., Verizon South Inc., Verizon West Coast Inc. Verizon West Virginia Inc., Verizon Long Distance LLC, and Verizon Enterprise Solutions

necessary to effect the transfer to Frontier of Verizon's local wireline operations serving residential, small-business, and some enterprise customers and certain long distance customers in rural areas and smaller city service areas in 14 states.³ The partial assignment or transfer of Section 214 authority requested herein would permit the transfer of (1) certain assets and customer relationships related to the provision of local exchange and exchange access services in the identified areas, and (2) certain long distance customer relationships in those areas.

The proposed transaction involves a series of *pro forma* reorganizations within Verizon, followed by a pro rata distribution of the common stock of New Communications Holdings Inc. ("NCH") to Verizon's shareholders. Immediately after this distribution, NCH will merge with and into Frontier, resulting in a transfer of NCH's subsidiaries. These various steps of the transaction are discussed in more detail in Exhibit I to this application. Pursuant to the Commission's practice, the requests for Commission consent to the various *pro forma* steps of the transaction as well as the ultimate merger with Frontier are consolidated into a single electronic filing for each affected Section 214 authorization holder.⁴ Specifically, the Applicants seek consent to the following partial assignments and transfers of control:

(Continued . . .)
LLC.

³ The transaction involves the transfer to Frontier of all of Verizon's local wireline operating territories in Arizona, Idaho, Illinois, Indiana, Michigan, Nevada, North Carolina, Ohio, Oregon, South Carolina, Washington, West Virginia and Wisconsin. In addition, the transaction will include a small number of Verizon's exchanges in California, including those bordering Arizona, Nevada and Oregon.

⁴ Electronic (BFS forms and paper domestic Section 214 applications for each of these partial assignments or transfers are being filed concurrently. Also related to this transaction are seven applications for the assignment or transfer of radio licenses being filed today on ULS.

Assignment Applications:⁵

1. Partially assign Section 214 authority held by Verizon California Inc. to New Communications of the Southwest Inc., as owned by Frontier.⁶
2. Partially assign Section 214 authority held by Verizon South Inc. to New Communications of the Carolinas Inc., as owned by Frontier.⁷
3. Partially assign Section 214 authority held by Verizon Long Distance LLC to New Communications Online and Long Distance Inc., as owned by Frontier.
4. Partially assign Section 214 authority held by Verizon Enterprise Solutions LLC to New Communications Online and Long Distance Inc., as owned by Frontier.⁸

Transfer of Control Applications:

1. Transfer control of Section 214 authority held by Contel of the South, Inc. d/b/a Verizon Mid-States from Verizon to Frontier.
2. Transfer control of Section 214 authority held by Verizon North Inc. at closing from Verizon to Frontier.⁹

⁵ As only some customer relationships of these Section 214 authorization holders are being assigned through the transaction, the applicants seek only a partial assignment of Section 214 authority. The assignors for all partial assignment applications listed below will retain their respective international Section 214 authorizations after the closing and do *not* seek to assign them by this application. The Commission should issue new file numbers to the assignee for all of these partial assignment applications.

⁶ Only the authority related to customers in Arizona and Nevada and portions of California near the Arizona and Nevada borders are being assigned.

⁷ Only the authority related to customers in North Carolina, South Carolina and Illinois are being assigned.

⁸ For Verizon Long Distance LLC and Verizon Enterprise Solutions LLC, the authority to be assigned pertains to originating switched voice long distance customer relationships that use central office switching currently provided by Verizon in the areas being sold to Frontier. For example, Verizon will transfer all of its mass market and enterprise market interstate interexchange customers who originate calls over Verizon's local exchange network in these states. Verizon will retain all of its domestic mass market interstate interexchange customers who originate calls over a competitive carrier's local switching network. In addition, Verizon will retain all its enterprise special access service customers.

⁹ Prior to closing, Verizon North will partially assign its Section 214 authority for its assets, liabilities and customer relationships relating to its local exchange, intrastate toll and exchange access operations in Pennsylvania to Verizon North Retain Co., a Verizon entity to be formed and not owned by NCH. These assets, liabilities and customer relationships will not be transferred to Frontier. Applications for this *pro forma* partial assignment of Section 214

3. Transfer control of Section 214 authority held by Verizon Northwest Inc. from Verizon to Frontier.
4. Transfer control of Section 214 authority held by Verizon West Coast Inc. from Verizon to Frontier.
5. Transfer control of Section 214 authority held by Verizon West Virginia Inc. from Verizon to Frontier.

This narrative provides the information required by Sections 63.04 and 63.18 of the Commission's rules. Additionally, attached as Exhibit 1 is a statement demonstrating that the transaction is in the public interest, including a description of the parties and of the proposed transaction.¹⁰

I. RESPONSE TO ITEMS ON IBFS ELECTRONIC FORMAT

A. Answer to Question 10 - Section 63.18(a)-(d)

Verizon is a holding company that has a number of wholly-owned subsidiaries which provide communications services and hold various FCC licenses and authorizations. Verizon or one of its wholly-owned subsidiaries is assignor or transferor for all Section 214 applications included in this transaction. The name, address and telephone number of the specific Section

(Continued . . .)

authority will be submitted within 30 days of the completion of this restructuring, as permitted by the Commission's Rules.

¹⁰ As explained in the Description of the Transaction and Public Interest Statement, Exhibit 1 at 11 n. 17, the applicants do not believe the transaction results in a change of control of Frontier. Nevertheless, the applicants note that, in order to ensure timely approval of their transaction, the parties to the recently completed CenturyTel - Embarq merger proceeding noted that, if the Commission chose, it could treat their application as one to transfer or assign all Section 214 authorizations held by both CenturyTel and Embarq to CenturyTel, and the Commission chose to do so. *Applications Filed for the Transfer of Control of CenturyTel, Inc. and Its Subsidiaries*, WC Docket No. 08-238, Public Notice, DA 09-791, at 1 n.2 (rel. Apr. 7, 2009). Likewise, in order to eliminate any possible issue and ensure timely approval of the present transaction, the applicants note that if the Commission chose, it could treat the application here as one to transfer or assign the relevant Section 214 authorizations held by both Verizon's and Frontier's subsidiaries to Frontier. This places the current transaction on the exact same footing as the recently approved CenturyTel - Embarq merger.

214 authorization holder, assignor or transferor for each application is identified on the attached IBFS form. Verizon is a Delaware corporation, as are New Communications of the Southwest Inc., New Communications of the Carolinas Inc. and New Communications Online and Long Distance Inc. Verizon does not hold any international Section 214 authorizations, but directly or indirectly controls many subsidiaries who hold such authorizations to provide individual switched resale services and global or limited global facilities-based and resale services.

Frontier or an entity that will be wholly owned by Frontier post-transaction is the assignee or transferee for all applications included in this transaction. The address and telephone number for all of these entities post-transaction will be:

180 South Clinton Ave
5th Floor
Rochester, NY 14646
Tel: 585-777-5645

Frontier is a Delaware corporation. Frontier does not hold any international Section 214 authorizations, but directly or indirectly controls the following subsidiaries who hold international 214 authorizations: Frontier Communications of America, Inc., ITC-214-19971202-00753 (international resale services); Commonwealth Telephone Enterprises, Inc. and its subsidiaries, ITC-214-19960726-00343 (international facilities-based and international resale services); GVN Services, ITC-214-20020225-00113 (international resale services).
