August 20, 2009

Mr. Jamie A. Barnett, Jr.,  
Chairman  
Public Safety and Homeland Security Bureau  
Federal Communications Commission  
445 12<sup>th</sup> Street SW  
Washington, DC 20554

Dear Mr. Barnett,

The Region 14 Regional Planning Committee (RPC) is submitting this signature page, in which the Region 14 Chairman certifies that all Region 14 700 MHz RPC meetings were open to the public. The signature line was inadvertently left blank in the Region 14 700 MHz Plan submission to the Commission on June 24 (Filed under P.S. Docket 06-229 – confirmation number: 2009624812444; and under W.T. Docket 02-378 – confirmation number: 2009624813804.) This page is intended as a replacement for the current page 63 of the Region 14 Plan, which includes Section 17 – Certification.

If you have any questions regarding this submission, please contact Alex R. Whitaker, Region 14 700 MHz RPC Vice-Chairman, at (317) 234-6513, or by e-mail at [awhitaker@isp.in.gov](mailto:awhitaker@isp.in.gov).

Respectfully submitted,

H. Anthony Stantz  
Region 14 700 MHz RPC Chairman
