

Carol's daughter owe me 149.50. They have not given me my money back. Ups refund them but they didn't refund me . It has been three months. The ups driver gave my items to someone esle by mistake they still didn't give me my money back. This business taking ups money and not giving the money back to me. I left voicemails on their phone and they still didn't call me back. It's so hard to reach them . When I do reach them they hang up the phone.
